- 10% sibling discount
- Maximum 10% discount per child
- 10% discount if attending other Big Time group classes (does not apply to one-to-one lessons)

WHAT ARE YOU INVESTING IN?

We create magical, professional experiences for our students, investing more each year as our cast grows. In 2023, our production of Annie cost £19,000; in 2024, Beauty and the Beast rose to £26,000, featuring a larger set, costumes shipped from America, and an expanded marketing campaign. We also increased performances from 4 for Annie to 8 for Beauty and the Beast. This year, with a third cast and a ninth performance, we've introduced a spectacular magic carpet and a larger production team.

Our director knows first-hand the power of these experiences: as a shy child, participating in similar productions helped boost her confidence, playing a big role in her journey into adulthood. To celebrate each show's success, we host a cast party with food, awards, face painting, a live DJ, and a special gift for every child, giving them the biggest and best chance to shine.
